# "Tigertown Has Something New"

Tigertown or E.H.S. has during the past school year of 1942 and '43, received and undertaken many changes. Like so many other projects and industries that are expanding because of the present war effort, Tigertown is now proudly using her new addition in full force.

Pictured above, you see several views of the new building. In the upper portion we present our new manual training shop, and to the left, that amiable looking person is Mr. Wood, Tigertown's new principal.

Mr. Wood and about one-half of our faculty are spending their first year in our town. A few more pages and you'll meet Mr. Ballweg, who needs no introduction, Mr. Hanser, and Mr. John Eck, new president of the School Board. These men are serving their first year on the board.

War has caused changes here in our little town as it has over the country. Mr. Gibson is in the army and Mr. Allen, last year's Tiger sponsor is now a naval air cadet. The call for technical men and the lack of manpower in our war industries has caused a drain on our nation's teachers. So not only Tigertown, but others as well have felt the "pinch."

# Survey of Tigertown

## OUR GOVERNMENT

"Eddie" presents the "brains" behind Tigertown's smooth-running efficiency. Meet Mr. Wood, our mayor; the Board of Education, our Supreme Court; and Tigertown's Aldermen, the faculty. Meet "Eddie" on page eight in the north corner for first hand information.

## WE RESIDENTS

"Eddie" shows us Tigertown's famed populace from the retiring residents, our Seniors, to the embryo geniuses, the Freshmen in a pictorial tour from page thirteen to thirty-seven.

## OUR SOCIAL REGISTER

Pictures! dances! plays! Meet the 1942 Football Queen. Go with "Eddie" to page thirty-eight, see and read about our social life from the big football prom in autumn to the spring parties closing our school year.

## TIGERTOWN HEROES

Presenting brawn, muscle, handsome men. Just meet "Eddie" on page fifty. He will tell you of the fine records of our football, basketball, and track men. "Eddie" ought to know because his information came from Manager Mike.

## ORGANIZATIONS

Introducing on page sixty-four, Tigertown's many clubs, pictures, and write-ups of the various activities of 1942 and '43. Also by special wire "Eddie" will give the inside dope as to what goes on in Mr. Shannon's band room.

# Government

Tigertown is born and "Eddie" too
In the '43 Tiger we present to you.
This is it! Look thru it please
We know you will like it so don't be a tease.

Eddie got the key to the city, you see
To get inside "dope" on you and me.
At the game, the play whether known or not
Eddie was there right on the spot.

As the pages unfold, Eddie always is there
To laugh with you, talk with you, even get in your hair.
He heard **that** in the Chemistry lab.
He saw **that** in the taxi cab.

So gather 'round students and give ear to he
Who knows more about us than even do we.

CAPTAIN CLYDE FRUIT

Left to right: Edward J. Ballweg, Harry Hanser, J. F. Eeck, President, E. A. Alexander, R. C. Cunningham, Mrs. J. F. Gilham, Dr. Wayne B. Cox, Secretary.

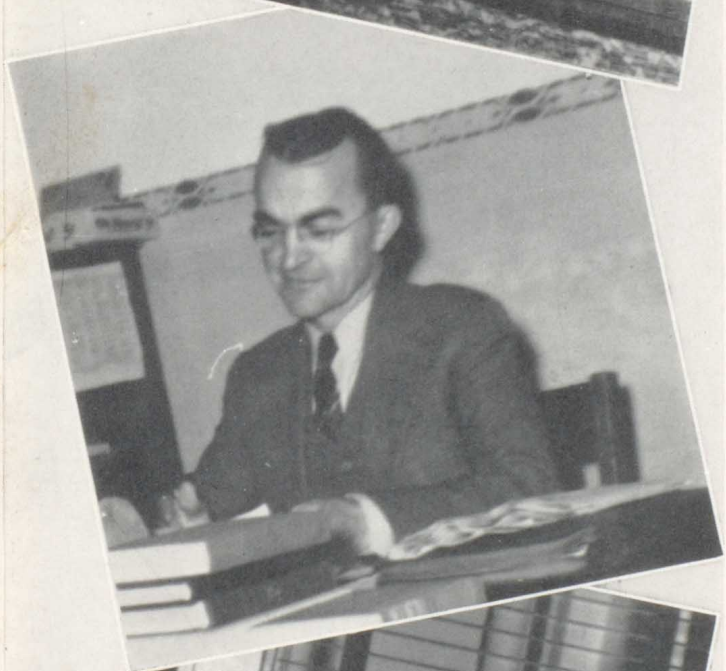
# Our Supreme Court

As every democratic government must have a judicial body, chosen by the people, so Tigertown has her Board of Education. We think our seven judges are the best. This year we are welcoming Mr. Ballweg, Mr. Hanser, and Mr. Eeck to the board. Captain Clyde Fruit, now serving in the Army, should also be given Special tribute. Captain Fruit took time from his Christmas furlough to look over the schools and its problems with Mr. Alexander.

This group of people, without compensation, have the responsibility for five school buildings on their shoulders. All of these schools present their problems of finance, up-keep, recreation, and ever-existing modern developments.

Our judges have selected the fine staff of teachers who are trying vainly to give us residents some knowledge.

P.S.: As the book goes to press, we are notified that Captain Fruit has been promoted to a Major.



# Judges

## MR. ALEXANDER—GOVERNOR

Jolly, with red hair and always a smile gives us the picture of the typical Irishman, and it also brings to mind Mr. Alexander, our Superintendent of Schools. Mr. Alexander's day is filled to the brim with the administration of Edwardsville's entire school system. He has expertly managed all the problems that four schools have presented.

## MR. WOOD—MAYOR

We welcomed Mr. Wood from Alton this fall, introducing him to his first year in Tigertown. Everyone who has met him has been struck by his personality and friendliness which has won for him all of Tigertown's praise. Under Mr. Wood's guidance many favorable changes have taken place this year, such as the noon time recreation facilities. Mr. Wood said that he has been in this business twenty-one years, but hastened to explain that he started at the age of nineteen.

## MR. LOVE—DEAN OF BOYS

Comes the first period in the morning and many of Tigertown's men become acquainted with Mr. Love. Mr. Love's day is one continuous line of boys, problems from tardiness to—ah, absence.

This makes his twelfth year in Tigertown and he is spending his sixth year as Dean of Boys. 1943 with its eighteen year old draft law has brought many problems to Mr. Love, and the boys have greatly appreciated his advice and information.

## MISS SLOAN—DEAN OF GIRLS

A cheerful smile, an approving nod, a quick step, and Miss Sloan has passed by. Being mother, teacher, nurse, counsellor and numerous other characters at E.H.S. must be an inspiring occupation. At least our Dean of Girls seems to thrive on it.

Every girl has found in conferences with Miss Sloan an understanding, sympathetic and true friend.

All of Tigertown's gals wish to say, "Thanks, Miss Sloan, for being so swell!"

# We Residents

Early in September when the "Tiger" was just beginning to develop, we were trying to find a theme to help us produce the school's best "Tiger." Then there came a little "tap" at the door and in stalked "Eddie."

"What are you doing here?" I said looking down at him.

"I've been around here a long time, you guys just haven't noticed me. I understand you need some help," he shouted up at me.

"I certainly do," I meekly replied.

And so began "Tiger Eddie."

# Our Retiring Residents

Freshmen? Indeed we were when we entered this large building four years ago. Green? Not **too** green we are proud to report. We knew there were no elevators, escalators, or rain checks, so we considered ourselves quite intelligent. We took kidding in our stride, even liked it a little. The fun poked at us was taken good-naturedly, so we were permitted to enter to an obscure existence as Sophomores the next term.

Soon we blossomed into proud and gracious Juniors. We loved our teachers and stood in awe of the mighty Seniors. We went ahead in our quiet way, biding our time until we would be "Kings of Tigertown" and gain the coveted title offered.

For a year now we have gloried in our Seniorship. We have led the student body in activities social and curricular, our athletic teams have won for us praise and fame. We have lived a glorious life in this, our E.H.S. of '42 and '43, and we are certain you will hear of the fame of the never-to-be-forgotten class of 1943, as we join the ranks of the proud alumni.

# Junior Residents

The year was 1940 and the month of September was in full swing.

During our first year we, as most Freshmen are, were seen but not heard; at least in most cases, for we had a deep respect for the Seniors.

Ninteeen hundred forty-one came around and we found ourselves to be Sophomores. By this time, we discovered that we wern't considered outcasts, and our names could be seen in the records of a majority of the school's activities.

Now we are Juniors, and quite proud of it too. We have come out of our shells and into the open. Now there's hardly a school event or activity offered where the Junior class is not well represented. This year we sponsored the Junior play entitled "The Night of Jan. 16th," which was quite a success. The Junior-Senior Prom was also handled very capably by our class.

Although we have had a very profitable and successful year, we, as Juniors, are looking forward to next year when we become the "Big Shots" of E.H.S.

# Sophomore Residents

We are not exactly considered the upper crust of society in this big city, but that hasn't kept us from achieving some glory in Tigertown. We were definitely typed last year when we were Freshmen, but we shall become known next year as the Juniors, second in command, though now as Sophomores, we are unheard of.

You can bet we are going to do things in the future. Just now, we are buying our war stamps, adding mighty men to future championship teams, and sending beautiful voices toward the music department. Not to mention the many "Einsteins" that are springing up among us. The nineteen forty-four school year is drawing near and we're ready to go places.

# Our Embryo Geniuses

Last September E.H.S. was reinforced with a group of one hundred seventy-five raw recruits—the freshmen. No physical examinations were required; they took us in "lock, stock, and barrel," just as we came. It is true, I.Q. tests were given later, but no one was rejected as utterly disqualified. For every "recruit" there were three supervisors—the upper classmen—who were quite determined that we should keep our place.

After a few weeks any embarrassment, we may have felt, began to disappear. By then we were taking part in the activities and joining clubs.

Our training was made more attractive by occasional social events. We took part in the all-school parties and more particularly the Freshman-Sophomore party at which the class made its debut.

We believe our class has talent and that it will respect the traditions and high standards of E.H.S.

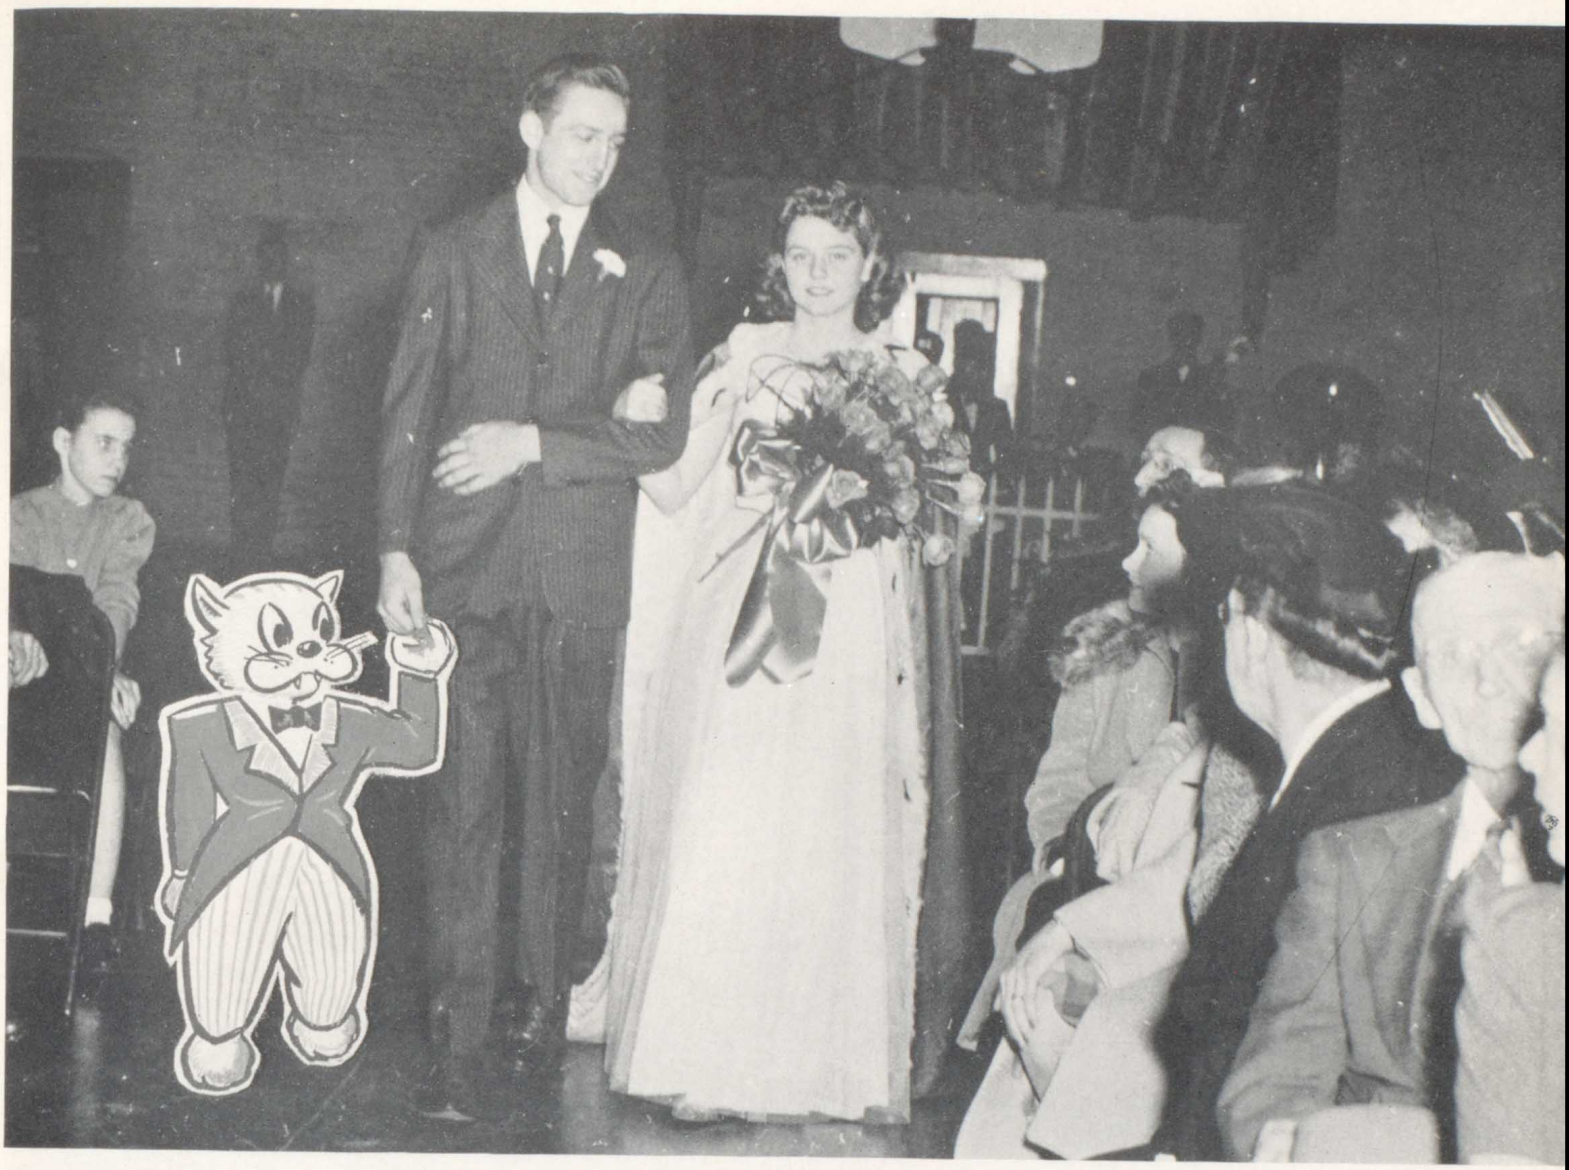
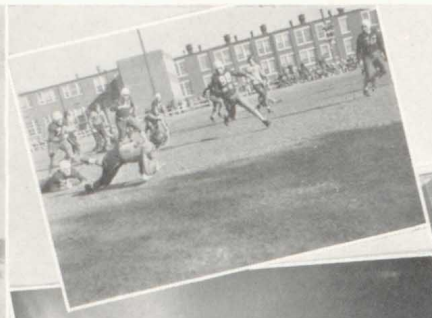
# Social Register



Our furry friend to the right reports that the Veiled Prophet turned green with envy when he read of Tigertown's social season. The old boy then went into a coma when he saw our football queen.

We had tire, gas, and later, food rationing, but these were simply challenges to our resourcefulness. Eddie was there to make sure that Susie's gown wasn't stepped on by Johnny and to prod Bill along so he'd ask Mary to dance. Briefly, Eddie tended to all the little things that made the occasions successful.



# Homecoming . . 1942

World War II brought us our annual Homecoming festivities with all their zest and bustle. In welcoming the town's former residents back to their old stamping ground, the only event missing was the big parade.

A big roaring bonfire, our defeat of Collinsville on Armistice Day, and the excellent presentation by our football boys of the 1942 Football Queen on the following Saturday compensated for that which tire rationing conquered.

The day before the game saw the wood piled high in the parking lot. About 8:00 o'clock you could see the flames leaping high as snake dances, cheers, and songs grew with the excitement. Norm Nilsson was Master of Ceremonies. Talks were made by Mr. Wood, Mr. Alexander, Co-captains Hensley and Black, and also the jubilant Mr. Mulch bounced forward to give a much awaited talk on football.

As the fire died away, we retired to our homes to await the big game. We did go home, didn't we?

# Football Prom

One of the most outstanding social events of the season was held on November 14. The occasion was the annual Football Prom. This year the lettermen and their maids sponsored the event and made a great success of it.

Promptly at 8:30 o'clock the lights were dimmed and one by one the maids and lettermen walked down the aisle. After they were assembled on each side of the stage, a fanfare announced the coming of our retiring queen, Miss Judy Kubicek, escorted by Glenn Schlueter. After she had taken her place on the throne, another fanfare proclaimed the entrance of our lovely queen, Miss Faye Frickenstein, escorted by Norman Nilsson. When she approached the throne, she knelt and was crowned "Queen of the 1942 Football Season."

# Hallowe'en Party

On October 31 our gym was changed into a haunted house. Many witches, clowns, and other spooks as well as others in colorful and beautiful costumes got together and had a real time at the annual Hallowe'en Party.

Each one was looking over the other trying to figure out who might be who. Soon the grand march was held and prizes were awarded for the best costumes. Then we all unmasked and began to recognize each other.

We continued the party by dancing to the music of Walter Schlemer's orchestra.

# Junior Play

The Junior play "Night of January 16" by Ayn Ranc was presented on November 20 before a large audience. The play was under the direction of Miss Sheahan.

The plot centered around a courtroom drama in which a girl was being tried for murder. The jury, twelve citizens of Edwardsville, after hearing testimony on both sides, found the girl, Karen Andre, not guilty.

Tigertown was proud of the splendid performance given by Attorneys Flint and Stevens and by Karen Andre. They were typical of the large and talented cast.

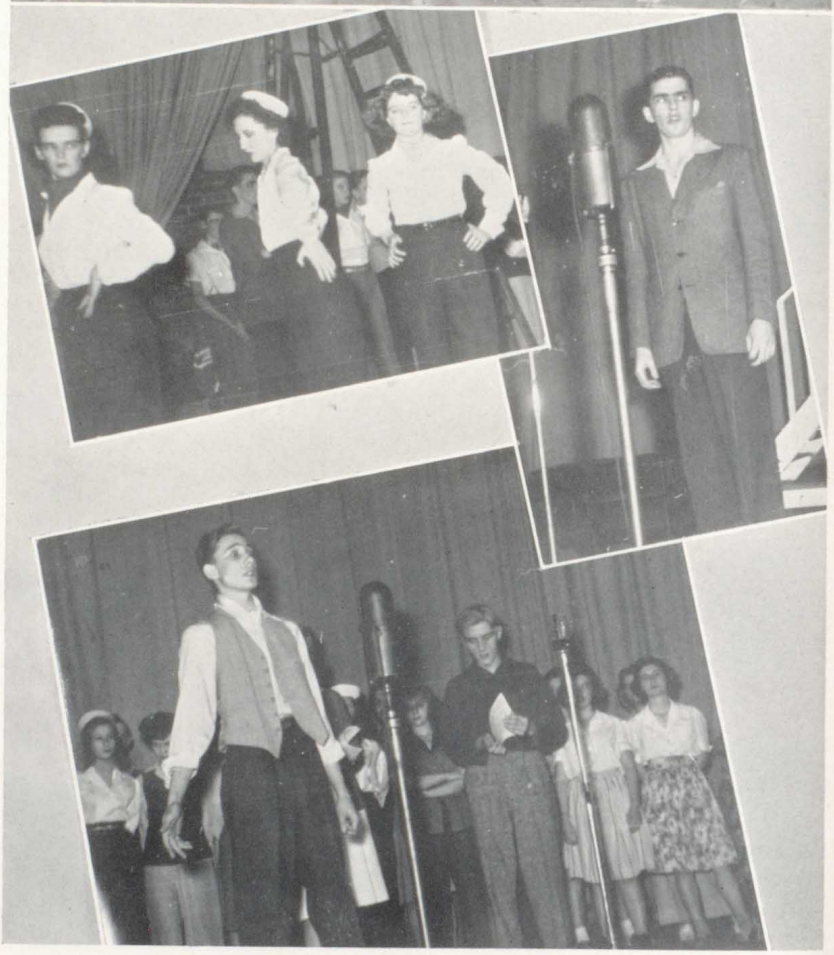
# Operetta



Much of Tigertown's talent was put forth into a Gilbert and Sullivan comedy, "Shreds and Patches," which was given December 10 and 11 under the direction of Ralph Shannon.

The operetta, given two nights so as to give more people a chance to see it, was a great success. Two specialty numbers, one given by agile sailorettes, and another by Chinese girls, were especially helpful in supporting the cast, as was the entire chorus.

The plot was centered around an opera company starting a new show. Obstacles arose and were coped with efficiently by the excellent cast, and everything ended as it should, happily.

# Kid Party

The annual Kid party always gives the femmes of E.H.S. a chance to virtually let down their hair and go back into the forgotten past of their childhood days.

Armed with big hair bows, short dresses, roller skates, penny suckers, and double-bubble gum (if they could get it) the girls came forth into the gym and had a typical "little girl" time. Dancing, rope jumping, swings, ping-pong, and roller skating was enjoyed by all. Teachers, Seniors and Freshmen alike got into the mood and before long all were playing together like the kids next door.

Joe Ladd's orchestra supplied the music for the rug-cutting, and Joe and his boys got quite a laugh out of the whole thing.

—Kid Style

Fun, huh?

# Sadie Hawkins' Party

It takes the girls to make a success of a thing. The Hi-Tri made another smash hit with the annual Sadie Hawkins Party.

This was the boys' night to turn the tables. Even though gas rationing had started, a lot of the girls got the "family car" for the evening and the others used good, old shoe leather (that wasn't rationed then). The girls treated them in gentlemen style—called for them, opened doors, and did every little thing they possibly could for them. Also many clever corsages showed up. Everything "from soup to nuts" was used.

A big coronation was also held—Bette Piper being crowned Daisy Mae, and Dick Bridwell as Lil Abner. Before the coronation Doris Aksamit and Mary Jo Kellerman sang "I'm Nobody's Moo-Cow Now."

Dancing to Joe Ladd's orchestra and table tennis furnished the entertainment for the evening.

When the announcement came that refreshments would be served, there was a mad scramble for the door. Potato chips, hot dogs, and soda was dished out to all the Dog Patchers.

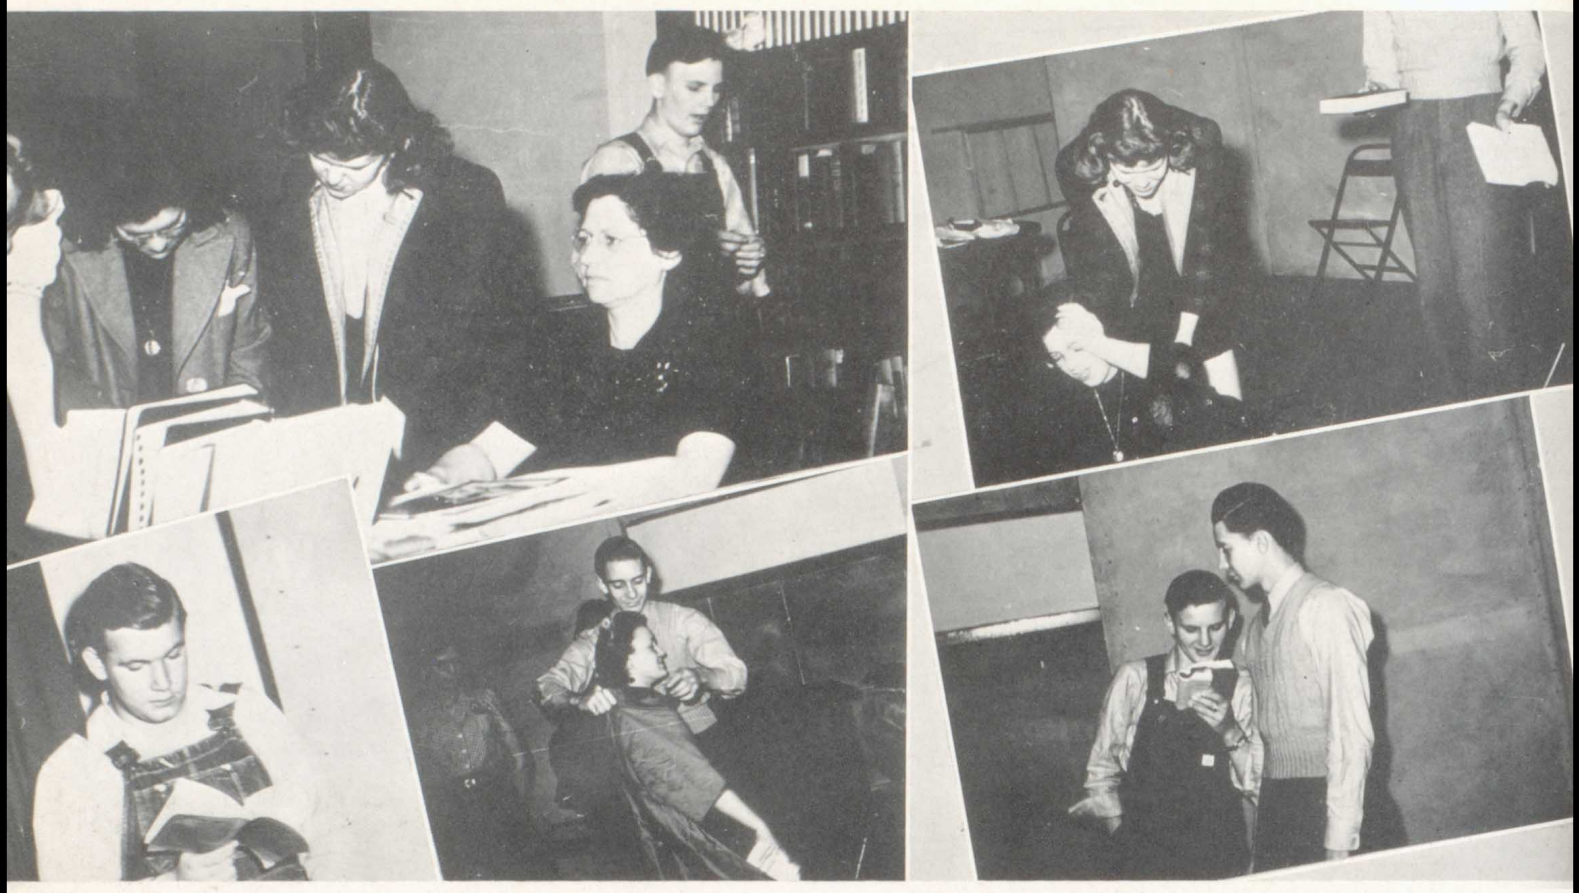
# Freshman Sophomore Party

February 26 found the small fry of E.H.S. growing up and having a shindig of their very own. Looking in on this event, so important in a Freshman or Sophomore's life, "Eddie" saw and heard may interesting things.

Over there, feet not yet trained in the art of dancing tapped briskly to the music supplied by the Tiger Swing Band; at some tables at the far end of the gym, Chinese checkers and card games were in full swing.

Further entertainment was supplied by the Freshman quartet singing several numbers, piano solos by Joe Rizzoli and Lloyd Schroeder and a military dance by Darlene Gerden and Eugene Mayberry. Later when the orchestra played a conga routine, even the shyest freshie could not resist getting into the line and doing the one-two-three-kick with the best of them.

"Eddie" was proud of the success of his proteges and is quite happy in the fact that he knows that here was the making of capable classes to come, which gave him the assurance that the social life of E.H.S. would be well taken care of by the eager Frosh.



# Senior Play

The Senior Class presented the comedy, "Don't Take My Penny," on the night of April 16. It was a success and greatly enjoyed by all who attended. The play was directed by Miss Cheek, and she and the entire cast deserve praise for their hard work.

The play concerned the struggles of two girls, Penny and Sally, to get the part of Dimity West in a movie. Kerry and Greg, boy friends of Penny and Joanna, try to keep Penny from getting the part because they want her and Joanna to go into a tennis tournament with them instead. They cook up a scheme which involve impersonations and models, but don't get away with it. In the meantime, Sally has become interested in a chicken farm more than movies. All ends well with Mavis, Penny's older sister, getting the part of Dimity West.

### All's Grim in Tigertown

A spirited team traveled to Granite, hopeful of continuing their winning streak, but came up on the short end of a 19-13 score. A brilliant run, on the kick-off, gave the Tigers high hopes when Koch took the pig skin on a reverse and darted some 70 yards for the first marker. But the Happy Warriors counted three times, while the Tigertown gridders had to be satisfied with 6 points until the final seconds, when Black crashed over, Hensley made the placement.

### Tigers Claw Trojans

After being knocked off by Granite, the Tigers sharpened their claws for Madison. The crowd, attending their first conference game at home, went wild as the Tigers sank their claws deep, sending the Trojans home with a 20-0 defeat.

A second period tally by Koch would have been sufficient, but Becker pranced across to make it 14 after both of Hensley's placements were good. The third period brought the crowd to their feet, when Becker sprinted some 60 yards for the final tally.

# LETTER

### Our Tigers Over Their Tigers

The hopeful Tigers opened the season in colorful fashion, by pinning an 8-0 verdict on the Gillespie Tigers. The Tigers "T" formation was new to the local fans, but met with their hearty approval when the Tiger eleven broke through for decisive gains. The first and last marker came when Koch plunged over from the 2-yard line in the third quarter.

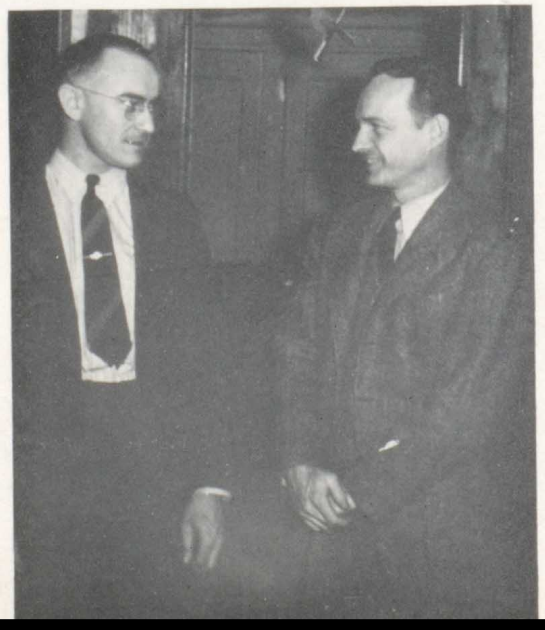
### Tigers Scalp Kahoks

To make the Homecoming complete the Tigers won their first conference game on Armistice Day. Norman Nilsson snagged two passes in the end zone to produce the Tigers' score. Hensley converted his fifth placement of the season. The local gridders played championship football in the final half, holding Collinsville to only one first down in the best defensive playing of the season.

### Tigers Go Rollin' Along

The Tigers demonstrated their power by rolling up a 32-0 victory over the Staunton Bulldogs. A recovered blocked kick by "Fish" Schulze supplied the first marker. Hensley hit pay dirt three times to sew up the contest. Behind good blocking, Wilfred Hilla sprinted 101 yards for the final touchdown in the closing seconds of play. Staunton was slightly favored before the kick-off, but the Tigers "T" proved to much for the Bulldogs.

MR. TRACEY AND MR. SMITH, Coaches



# MEN

### Oilers Oil Tigers

The Oilers, led by Luther Harris, trounced the locals 13-0 for their third straight loss. The Tigers made big gains all through the contest, but at the goal line the punch just wasn't there. Wood River's tallies came in the first and third quarters, and threatened again when Harris broke away for a 65 yard gain. The Tigers were handicapped by the loss of Vic Becker, but Paul Schmidt took over and did a splendid job at left half.

### Tigers and Mud—Don't Mix

The 10-0 score does not do justice to the fighting Tigers. The field, a mass of mud, showed the teams evenly matched, except for the breaks of which the Tigers did not have their share of this season. A fifty yard run by Dick McKelvey produced the first tally. The second was the result of a Tiger fumble, while the final score came on a recovered punt in the end zone.

The Tigers fought hard for a score, but between the Maroons and the mud the boys from Tigertown could not penetrate the Big Red's pay dirt.

LAWRENCE SCHULZE . . . "Fish" is a veteran of the Tiger squad and in playing his last season gave a very good account of himself. He was second among Tiger scorers, gaining 141 points.

TED KETCHAM . . . "Ted" was a reserve last year and has been a very able replacement for any of the starting five this year. He is a good rebounder and a good shot.

MARLOWE KETCHAM . . . "Marlowe," a Sophomore has seen quite a bit of action this year and should see much more. One interesting feature about him is that he is not of draft age.

BOB ROTH . . . "Bob" was a very capable reserve this year; he was short but very fast, although he wasn't much of a shot he made up for it with his floor work and ball handling.

VICTOR BECKER . . . "Hank" is another veteran on the Tiger squad; this is his fourth year and his third letter. He is a good shot and a very good defense man.

NORMAN ROSENTHAL . . . "Star Dust" is another Sophomore. He will have two more years of play. He is small but fast and was always good for a basket or two.

Rosenthal, Schmidt, Marks, Roth, M. Ketcham, Black

# Basketball

With football tucked away, the boys turned their fancy to basketball. The Tigers had five lettermen returning from the previous year and the prospects of the team looked very bright. The boys started off the season with a bang, overpowering a small team from Highland 50-17. The Tigers never let up until they had rung up seven victories in succession, including a victory over a heretofore undefeated quintet from Livingston. They then started their regular conference season, finishing this with a record of eight victories and six defeats. It should be written in the record books that this was the first Tiger team to go through a season of non-conference games without a defeat.

# Tournament--1943

After completing a good season the TIGERS ventured to the regional tourney held at Woodriver. On opening night, they played against lowly Madison and swamped them to the tune of 44 to 28; in the preceding game, Woodriver had beaten Alton 58 to 25. The following night, Granite City had a hard time overcoming a very stubborn Roxana team, while Collinsville ran rough shod over Western M. A.

In the semifinals the TIGERS couldn't quite cope with Woodriver and were beaten 58 to 26, while in the other game, Collinsville had a tough time beating Granite City. Woodriver then won the final game from Collinsville, 42 to 38, and went on to the sectional and then State for higher laurels.

Late in the month of March when you see a group of thinclad fellows jogging around an oval shaped underpath you will know that the Tigertown track season has started to get into full swing. These lads work hard every day until late in May when they have their last and biggest meet; the Conference meet is anticipated by almost every fellow on the squad.

A brief summary of the past season will show that the Tiger trackmen never quite achieved their ambition although they did come close with third place in the Conference Meet. In five previous meets they won two, placed second in one, third in two, and fifth in another. Even if the record didn't show that they were champs of the Conference, they were champs to us.

# Eddie's G. A. A. Girls

The purpose of the G.A.A. is to get girls interested in athletics and teach them better sportsmanship.

To join this club a girl must take physical education and some sport. Each sport counts a number of points and after a required number of points are made a letter is awarded. A girl may be awarded four letters in all, one each year.

Officers are elected from the Senior girls. There is also a girl in charge of each sport, but they do not have to be Seniors.

Meetings are held every other Thursday. Programs are prepared by a different committee each meeting.

At the end of the year a trophy is awarded to a Senior girl who is outstanding in G.A.A. work. Some of the qualifications considered when choosing this girl are good sportsmanship, loyalty, honesty, leadership, scholastic standing, athletic ability, and personality.

Two of the outstanding events of the year for the girls are the G.A.A. Alumnae Banquet and the Farewell Party for all the Senior girls.

Since they couldn't go to play-days out of town this year, they had a play-day with the G.A.A. from the Jr. High School.

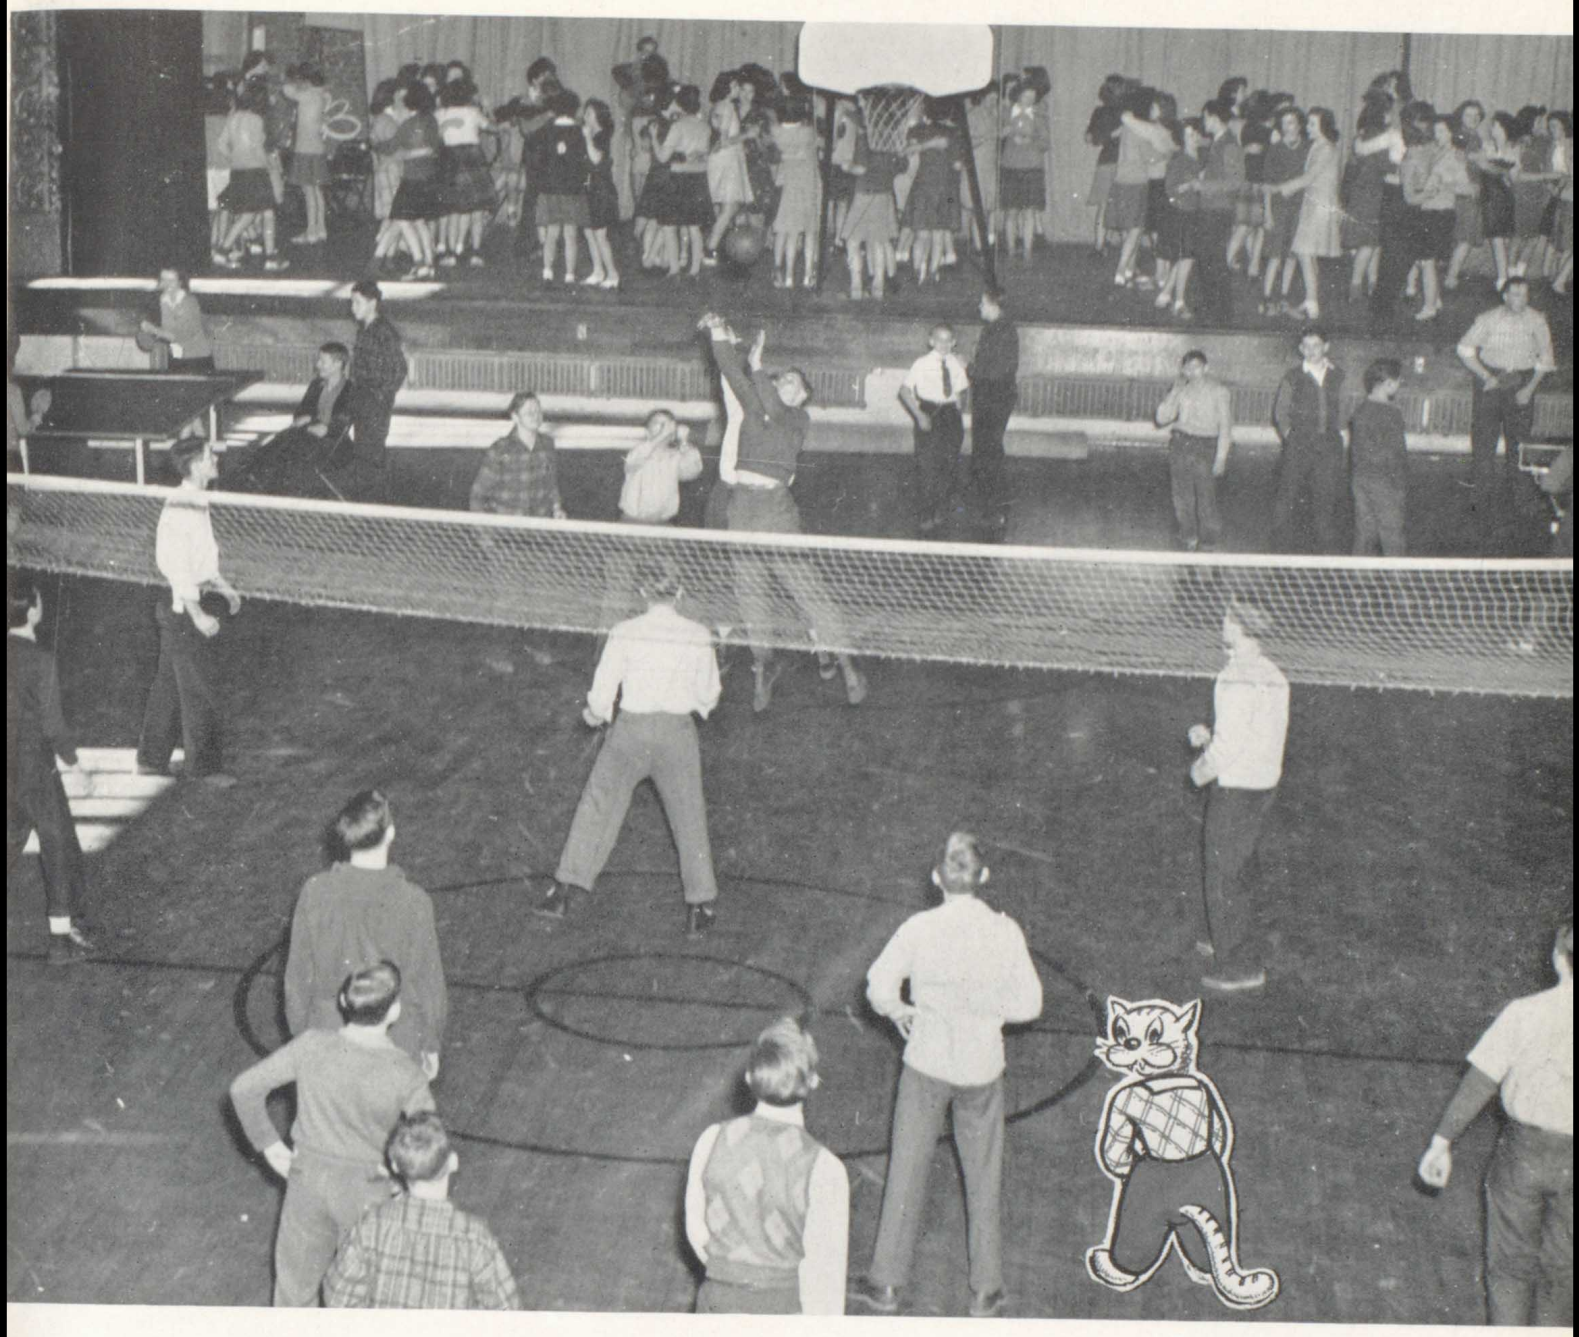
# Tigertown Activities



We don't believe that there are many towns with such excellent civic and social organizations as ours. In this section you'll find the story of Mr. Shannon's charges, namely, the music department. Eddie has spent considerable time in research on the third floor in the new building. His reports are on page seventy-seven. Eddie claims he wants to be leader of the swing band next year. He says it's no fun to go around so unnoticed.

# Speech Club

The purpose of the Speech Club is to train students in creative dramatics and in the appreciation of good drama. Four meetings are held each month. One meeting is devoted to the directing group and one meeting to the acting group. Attendance at one of these study meetings entitles a member to attend the business meeting and the program meetings. The club prepares an annual assembly program to be presented to the entire student body. This year the Speech Club presented a three-act play entitled "Seeing Double."

# Science Club

Test tubes, field trips, little fishes, etc., are topics for discussion among the Science Club members. All students who have had a year of science may join. The science teachers are their sponsors. Every Monday, the activity period is the meeting time—just come up to room 305, if you are interested. Members may carry on special projects as part of the club program. The annually sponsored Lyceum this year was on Liquid Air.

# Student Council

This organization consists of representatives elected from each Home Room. They meet every Thursday to work on ideas for improving the school. Each member is similar to a Congressman, representing a certain state. Everyone has complimented the council on its work toward making the noon-hour a more pleasant one—dancing, ping-pong, and volleyball are now offered to the students. Council members also have charge of the war stamp sales which are held in the Home Rooms every Tuesday.

# Spanish Club

**La Tertulia**

This club, the Spanish Club, is for all students taking Spanish. The purpose is to familiarize the students with the customs, literature, songs, and arts of Spain and Spanish-American countries. The meetings, which are held every two weeks, are conducted, as much as possible, in Spanish. There are no regular dues.

Each year a fiesta is held. Spanish costumes are worn and Spanish customs are followed. Efforts are made to follow the motto of the Americas: "Amigos Siempre."

Officers for the year were: Presidente—Charles Schmidt; Vice-Presidente—Frank Deitz; Secretario—Marjorie Mindrup.

# Latin Club

The Latin Club was organized a few years ago to enable pupils studying that language to learn more about Roman life and civilization than the class period affords and to enjoy social activities.

This year the club met the first and third Thursday of each month. Varied programs were presented, including an assembly program. The club cooperated in the Schools at War program of the U. S. Treasury Department by putting on "A Message from Bataan."

The annual Roman banquet ended the year's activities. At this affair the freshmen acted as "slaves" and served the upper classmen who dined in true Roman fashion without knives and forks.

# The Voice of Tigertown

Tigertown speaks!—through its newspaper, the Tiger Times. Edited by the journalism and advanced typing classes it is one of the finest institutions in the school. It gives practical experience to those who write it, splendid practice to those who type it, enjoyment to all who read it, and plenty of headaches for Miss Isaacs and Miss Thomas, the faculty sponsors.

The paper is now six years old. The first issues were published in 1938 by the members of the Tiger Staff. The venture had been tried before, but due to lack of support, had failed. It was known as the "Tiger Rag" during its first year of existence. In '39 the Tiger Staff abandoned the idea, but it was carried on by members of the student body who took an interest in journalism. The name was changed to "E.H.S. Tiger Tales" and remained so until 1942 when the name was again changed to "Tiger Times."

# Commerce Club

The purpose of the Commerce Club is to acquaint the students with business problems and to serve as a vocational guide in selecting the type of job the students desire. Any student enrolled in a commercial subject is eligible for membership. The group meets once a month and has many varied and interesting programs.

The club serves as a means of increasing the students' knowledge of common business problems in the world today. The discussion of affairs in the commercial field in the meetings is a valuable aid to the students' knowledge of everyday business affairs.

# Home Ec. Club

Any girl who is taking a home economics course or has completed at least one year of the work is eligible for membership in the Home Ec Club. The group meets twice a month; one meeting is usually devoted to business and the other to programs, talks, games, or songs.

The club is affiliated with the State Home Economics Club Association and sends delegates to the state club camp at Lake Bloomington during the month of August.

# F. F. A.

Along with the agriculture department a club was organized called the F.F.A. This is not merely a local club, but is part of a national organization of farm boys studying vocational agriculture in the public high schools throughout the United States.

The local chapter serves to create interest in agriculture. It also affords an excellent opportunity to teach farm boys some of the fundamental principles of group leadership and co-operation. This club is one of the most active organizations in E.H.S. and there is probably no other club which is made up of more enthusiastic members. The club promotes individual projects and is a convenient way for all the farm boys to "get together and compare notes."

# Library Club

The Library Club is a new organization; last year was the first year for it. This year the organization expanded and divided into two groups; the Freshman Library Club and the Senior Library Club, the latter consisting of Sophomores, Juniors, and Seniors. The clubs meet on alternate Wednesdays. From the club members, a library staff was organized. The Librarian, Miss Bibby, is to be given credit for this.

The Hi-Tri is a strictly all-girl club in which "Eddie," being a male, has long been interested. He sits in on every meeting and whether the girls know it or not, is highly influential in helping make decisions in business and pleasure transactions. He has quite a time dividing his time between the Senior, Junior, Sophomore and Freshman divisions of this large club, all of which work for one common good.

The Hi-Tri Council is "Eddie's" special haunt. This group is the governing body for all the Hi-Tri's and is the head of the annual "girl-drags-boy" party. This party is always a great success due mainly to the enthusiasm of this club of several hundred girls.

The girls enjoy Hi-Tri, as it gives them guidance in personal matters as well as in a general sense. Here girls can discuss any problem they may have at the moment and feel certain of sympathy and guidance. The clubs ideals are high and its rules and by-laws are faithfully kept by each member. Every girl belonging to this club is proud of that fact and eagerly tries to live up to the splendid motto, "We build the latter by which we rise."

Jerry Stahlhut, Harold Black, Leila Leitner, Joanna Goddard, Jeanne Godfrey, Chester Harris, and standing there beaming, is Victor Becker.

Here before you is the most colossal production of the Tiger ever presented. We are all well satisfied with this masterpiece which outdoes any of its predecessors. At least the hard working staff will agree: Editor, Bob Roth, the Advisors and "Eddie," our mascot, began their worries and many hours of hair-pulling, Izzy Metzger, Assistant Editor writing and rewriting copy, poems and stuff, Norma Lanterman, Business Manager, always in a dither as to how we stood financially, the Advertising Staff, under Harold Black putting the pressure on reluctant businessmen.

Sales Manager, Doris Aksamit and staff delighting students with their super-salesman speeches, Charlie Braden, photographer, always around with his inevitable camera, Joke Editor, Betsy Lindbeck, putting forth all her supermoronic ability to dig up some new jokes, Art Editor, Sue Sentenne, slowly going mad, trying to please Roth with variations of "Eddie," Ruth Metzger, Society Editor, having a nervous breakdown from attending all the social events, Ben Hensley and Bob Bartlett, later replaced by Bumps Huelskamp, Sport Editors, slightly confused with everything in general. Working together we have emerged victorious and proudly present the TIGER of Forty-three. The Best Yet!

# Hi-Y

The Hi-Y is an organization for boys and the discussion of boys' problems. The purpose of the club is to create, maintain, and extend throughout the school and community high standards of Christian character.

The club meets at night, once a week or once every other week, according to the wishes of the members. At the meetings there is a regular business meeting, then a talk by some outside speaker or a discussion of the problems of boys.

# Boys' Glee Club

"Down by the Old Mill Stream" with the boys around the piano, and we're off for another song session with the Boys' Glee Club. This group of shining males has proved to Tigertown that the girls aren't the only ones who can sing. The boys also make up the male section in the mixed chorus and some of the potential Carusoes sing in the A Cappella Choir. Any Wednesday afternoon about 1:37, drop around the band room and you can hear some beautiful booming basses and tremulous tenors.

# Tigertown Music

When anyone in Tigertown wants music—any kind of music—he is sent to Mr. "Doc" Shannon.

"Doc" then enlists the cooperation of the band or the swing band to give you your music. If that isn't satisfactory, the mixed chorus or A Cappella Choir will certainly settle the question. You need look no further.

This has been the first school year in which we have enjoyed the comforts, advantages, and pleasures of having music headquarters in the new building. The rooms are comparatively sound-proof—a help to the teachers in the neighboring rooms, since "Four o'clock Jump" isn't especially condusive to the study of Caesar.

Headquarters in the new building are complete, with an office for Mr. Shannon, two practice rooms, a music library, and the rehearsal room. There are built-in cabinets for instruments and music.

Since our move into the new building, marked progress has been made in all music organizations. The fellows and gals have really buckled down to try to prove to the people of our town that E.H.S. deserved their support in helping finance the building of the addition. May we express our thanks to you all?

Without the direction of Mr. Shannon the progress wouldn't be so noticeable. He is not only gifted as a musical director and teacher, but in his spare time does a bit of arranging for the band, swing band, and chorus. He has been the director of all music activities in E.H.S. for four years, being a freshman with the class of '43. However, everyone hopes that he won't "graduate," but that next year will again find Mr. Shannon on the E.H.S. band podium.

# Shannon's Songsters

Passing through the third floor corridor after the fifth period, a promising E.H.S. hopeful, bent on earnest endeavor and stuff, suddenly senses that the air is pervaded with music. This is a carry-over from the chorus period just ended. The choral section of the music department, perhaps the only class in which constant use of the vocal cords is appreciated, is enjoyed by all taking part. Ralph Shannon, talented music supervisor, is busy until 'leventeen m.n. developing ideas and arranging materials for this department.

# Swing

Every fourth Friday is the time . . . for what? . . . a matinee dance with music by the Tiger Swing Band. The Freshmen start to wiggle and the Seniors start to cut up the gym floor.

You should have seen "Eddie" playing Chester's bass fiddle. He had quite a time, much to the disgust of Doc Shannon—It seems he broke several dozen things—However—

The Swing Band had its beginning about five years ago and has continued from year to year with much success.

# Band

Besides playing for the matinee dances it plays in assemblies, at the Junior and Senior Class Plays, and this year furnished the music for one of the schools largest parties, the Freshman-Sophomore Party.

These Jive'in Hep cats played at several of the basketball games and also took part in the all-school music festival. They also entertained the Lincoln School students on several occasions.

The Band members are interested in popular music and enjoy playing it. This year's vocalists, two Senior girls, Doris Aksamit and Mary Jo Kellermann added a whole lot to the popularity of the orchestra with their vocal renditions.

The E.H.S. Band started rehearsals the first week of school and has continued them faithfully three times every week on Monday, Wednesday, and Friday mornings.

march. The band worked hard on their formations, but the interest and appreciation showed them by their audiences made the time spent seem worth while.

The band further showed its loyalty and school spirit by boosting the basketball team at almost every game of the year. Its snappy tunes between quarters and halves of the games went a long way toward making the season a success.

This year for the first time the band used some well-known symphonic numbers, specially prepared for band instrumentation. The students and public enjoyed them immensely.

The band not only plays for school events, but also for the public. Annually it is asked to play for the P.T.A., and the spring vesper concert is always well attended.

# Tigertown Tattler

It's September and here we come (ready or not) back to our dear Alma Mater, some to slave, some to play, others to—well, I won't say. There seems to be a slight traffic congestion. Never saw so many students here before, especially Freshmen. Seems kind of lonesome without the Alumni beauties decorating the school, but we still have plenty of wallflowers. BEAT GILLESPIE!! mysteriously appears on the side walks again.—We look on with envy while the seniors flash their rings—Remember the assembly on the football field??? Ummmm—nice, huh?—Seniors mourn the fact that they must take P.E. Government rule—Oh well—

October—found us mourning the death of Miss Grace Davis. Seniors all worried about T.B. tests. The old love affairs are being renewed, and new ones started. Our football team not doin' so well.—Two days vacation for Teacher's Institute. Oh happy day! Then came the dawn—report cards. What a shock to the Freshmen; the rest of us are hardened by experience. Hallowe'en Party—Whoooooo—such costumes!

November—bustles in with a snow drift and E.H.S. takes to their boots and sleds. Seniors with their class pictures always tucked under their arms wandering about the halls as if they owned the joint. Everybody pushing everybody else in order to get the jalopies going on the slick ice in front of school. Operetta tryouts and Shannon's worries begin. Those nite practices—'nuff said.

December brings continued arctic weather and E.H.S. buckles down to face it. Operetta, "Shreds and Patches" given—nice work kids! Coast Guard Day in our fair city and Tigertown is honored with a performance by the Coast Guard Band—Wasn't John Paul Jones wonderful???? Christmas decorations appear and boys carry mistletoe around—careful girls!!! Assembly given by chorus members—very impressive. Vacation —Whooppee!!!! Alumni and Tigers meet on the hardwood—I guess they know who is boss now.

January brings a new year and we turn wayward feet back to E.H.S. Forgetful typists just will type '42 instead of '43—oh the pity of it all. Big Tiger Assembly—wasn't Finke cute? Ad staff goes "adding" on

# Now Meet Tigertown's Backbone

The 1943 Tiger
is made possible
by our advertisers

*It's our duty to stand behind them*

On the following pages the Tiger Staff has endeavored to list as many names as possible of the boys that are now serving in the armed forces.

Because we were forced to close the compilation of names so that the book could go to press, there will be many names missing. However as best as we can we present to you the men who have attended E.H.S. at some time during the last four years and are now serving our country in the various branches of the armed forces.

# 1900 . . Tigertown . . 1925

Baby pictures on most counts are portraits usually kept much in the dark. However, on one of "Eddie's" numerous expeditions these beautiful examples of E.H.S. personalities as they used-to-was were uncovered and because of their appeal and rare beauty were selected to represent the "small fry" of '24 and '25.

If you will look closely you will be able to observe the eager expression of sober intelligence which led one to glorified heights as Editor of our Tiger. By that easily detected "come-hither look," you will recognize a few of our glamorous co-eds. Brawn and brain are also represented, as are our principal and Dean of Boys in characteristic attitudes.

Who can deny they "were" and "are" beautiful babies?

For identification of these pictures, go with "Eddie" to page 120 and see Who's Who in E.H.S.

# T-i-g-e-r-s!  Tigers!  TIGERS!

Tigertown is proud of the splendid performance of our cheer leaders throughout the year. To be a good pep and cheer leader is definitely not an easy job and not one to be learned easily. Thus Tigertown has taken up the plan of electing a new leader only when a vacancy occurs by graduation. With this plan there is always one or two experienced leaders in the lineup.

The present cheer leaders have been an asset to our school, a help to our athletic teams, and were rewarded by the support of an enthusiastic student body, and as a final tribute, were presented with a letter at the end of the year.

That's the way to spell it and that's the way to yell it! TIGERS!!!

**Harold Black**—"Blackie" was the key man in the Tiger offense until mid-year when he was lost by graduation. He was a stellar floor man and had a very good eye.

**Jim Marks**—"Jim" led the powerful Tigers throughout the season, finishing second in conference scoring and landing a berth on the All-Conference First Team.

**George Koch**—"George" didn't come into his own until the middle of the season, but from there on, he was a very essential man in the Tiger machine.

**Norman Nilsson**—"Worm" was handicapped throughout the season by sickness, but in spite of this he was a very good floor man rebounder and made his share of the points.

One of the most exciting games of the season brought to blows the Tigers and the Red Birds. The Birds drew first blood by blocking a Tiger kick, recovering it, and taking it over for a touchdown; the third quarter brought another Cardinal tally which finished their scoring. A fourth period blast gave the hometowners their first score while the gun went off as the Tigers were knocking on the Red Birds' goal line.

On the serious side, the staff would like to thank the following people for the help they have given us in publishing the '43 TIGER:

Mr. J. W. Patterson, Huston-Patterson Corporation.

Mr. Robert Loewer, Indianapolis Engraving Co.

Mr. A. H. Strebler, Strebler Studios.

The Board of Education for its splendid cooperation.

Our sponsors, for all the headaches the staff caused them.

Last, but not the least, the entire faculty.

The staff tried to make this book as different as possible. The war has changed some things for us without our efforts, but the TIGER has come through again. We hope you have appreciated your trip through Tigertown with "Eddie", and this year's staff wishes the 1944 TIGER staff plenty of success.

# *Is an Annual Important?*

**YOU BET IT IS . . . .** To the staff particularly, it represents the culmination of a concerted effort to present the many activities and happenings of the school in graphic form. To the student body it is the most treasured of books.

**AND TO US . . . .** It is more than a job of printing; it is the reproduction of your ideas on fine paper and the binding of them in a beautiful cover so that they will live forever. We are particularly proud of the reputation we have built for cooperation, experience and quality. We're glad we were chosen as the printers of the 1943 TIGER.

"IF I WERE an editor I'd make sure of two things—first, that my editorial experience would not make me lead a dog's life, and second, I'd not be consistently in the dog house with every one including my instructors because of my yearbook activity. My way would be to choose an outfit that does more than put their feet on my desk and pat me on the back. I'd call for Indeco service because it is complete and the best help an editor can get in producing an unusual annual within his budget. Ask the staff on this book if I'm not right."

# THE FUTURE BELONGS TO THOSE WHO PREPARE FOR IT

In the yards of a Shipbuilding Company at Newport News, Virginia, a plaque mounted on granite bears these words:

"We shall build good ships—at a profit if we can—
at a loss if we must—but always good ships."

The words have much significance and are widely applicable.

(Continued from page 82)

school time—better watch out—And then comes our Waterloo, final exams—Much cramming. The teachers get out compasses and grade books to mark down zeros. Too bad—

February is ushered in and a woeful student body receives report cards and resolve to do better next time.

Sadie Hawkins party a great success. Short dresses, hot music—and lots of pep—How's about it boys, did we girls show you a good time?? Of course we did. Seniors measured for caps and gowns—it won't be long now. Will we, or will we not have a prom? That is the question.

March finds the Tiger staff in an uproar. We must sell more ads, we must sell more books and we must absolutely get down to business. Several of the staff burn the midnight oil working in the staff room. Have you got a date for the prom???? What kind of formal shall I get? Everyone is excited about the one formal event held at E.H.S. Miss Sloan gives out "pink slips" to Easter "Shoppers" but we don't mind, just so we get our Easter bonnets.

April showers tell us what month it is and girls leave sweaters and skirts in the dim, dark past and blossom out in bright prints—Ah, spring—and you know what that means—absentees from school, boy and girl walking hand in hand—L'amour, l'amour—The Tiger goes to press. Thank heaven. Now all we have to do is wait and pray. Senior Play, and that Finke again.—Doesn't he make a pretty girl???? Oh, Oh, report cards again. Seniors won't have to worry after this six weeks.

Beautiful May brings with it the Junior-Senior Prom. Those strapless formals whoo, whoo . . . Beautiful formals, beautiful girls, and handsome boys, my, my, how they grew—why I can remember way back when these people were Freshmen—seems such a short time. Class day and the Seniors put on the "Dog" and really strut their stuff. The halls are deserted after the Seniors leave and the under classmen look around and decide they are the "big shots" from now on. Baccalaureate quickly follows and the 4th of June finds the proud Seniors sallying forth in cap and gown. Thus ends my picturesque trip through this fair city, so I'll say "So long, to all you students."
